

## ASC Flight Training Syllabus Status

Student, Name \_\_\_\_\_ Date \_\_\_\_\_

Instructor \_\_\_\_\_

Flight Field/School \_\_\_\_\_

During flight training, the objective of each flight should place emphasis on specific modules of instruction.

This syllabus Status is designed to track the student's progress on lesson modules discussed for individual flights. This document also serves as a tracking document to cover the progress of the training. The student and Instructor should initial each flight lesson and retain this record for tracking of continued training.
